Empathy Area	LegalEase User Insights
Says	I need a document draft quickly; I want to provide my own terms; I want an editable/downloadable result.
Thinks	I may not know the correct legal wording; I need a simple interface; I want control over the generated document.
Does	Selects document type, enters parties, terms and date, generates the document, reviews/edits it and downloads it.
Feels	Concerned about mistakes and complexity; relieved when the drafting process is simplified.
Pains	Manual formatting, repeated drafting, uncertainty about wording, and time spent organizing clauses.
Gains	Faster drafting workflow, centralized input, AI-assisted wording, editing and multiple export formats.
